SANA CHEM FZE

SANA CHEM FZE is a privately owned chemical trading company that was established in 2013. They are based in the Middle East and are recognized as one of the leading chemical traders in the region. SANA CHEM FZE specializes in a variety of chemical products, including Washroom Care Chemicals, Laundry Chemicals, Auto Care Products, Janitorial and Paper Products, acids, alcohols, thinners, solvents, surfactants, and other chemical raw materials for various industries.

One of their notable features is their ability to provide private-label products, allowing clients to have products packed and labeled according to their specifications. Additionally, they highlight the environmental aspect of their products, stating that they are biodegradable and eco-friendly.

SANA CHEM FZE appears to have a wide customer base, serving industries such as Paint, Detergent, Food, Plastic, Perfume, Water Treatment, Pharmaceutical, Agriculture, Paper, and more. They also offer distribution services in the UAE, GCC, and Africa, indicating a broad reach and presence in these regions.

. Water Based Adhesives

. Lamination Adhesives

. Hotmelt Adhesives

. Packing & Packaging Material

- Monoethanolamine
- Diethanolamine
- Triethanolamin

. Mixed Xylene

. Solvent Naphtha (C9 & C10)

- Toluene
- Glycerine
- Oleic Acid

. Acetone

. Cyclohexanone

. Methyl Ethyl Ketone (MEK)

. Methyl Iso Butyl Ketone

• 2 Ethyl Hexy Acrylate

• Acrylic Acid

• Butyl Acrylate

Monomer

• Methacrylic Acid

• Methyl Methacrylate

• Veova

• Styrene Monomer

• Vinly Acetate

Monomer

• Butyl Di Glycol

• Butyl Di Glycol Acetate

• Butyl Glycol

• Butyl Glycol Acetate

• Ethyl Glycol

• Ethyl Glycol Acetate

• Methoxy Propanol

• Methoxy Propyl

Acetate

• Butyl Acetate

• Ethyl Acetate

• Methyl Acetate

• Di Ethylene Glycol

• Di Propylene Glycol

• Mono Ethylene Glycol

• Mono Propylene Glycol

• Tri Ethylene Glycol

• 2 Ethyl Hexanol

• Ethanol

• Iso Butanol

• Iso Propyl Alcohol

• N-Butanol

• Coalescing Agent

• Pigments

• Iron Oxides

• Pine Oils

• Epoxy Resins &

Hardeners

• Epoxy Reactive

Diluents

• Antifoams

• Coating Additives

Di Methyl Formamide

• Maleic Anhydride

• Nonyl Phenol

• Nonyl Phenol &

Ethoxylates

• Phenol

• Phthalic Nhydride

• MDI & TDI

• Poly Vinyl Alcohol

• Epichlorohydrin

• Propylene Carbonate

• Flexo Solvents

• Neopentyl Glycol

• Benzyl Alcohol

. Acetic Acid Glacial

. Soap Noodles

. Starch

. Methylene Chloride

.

.

.

.

. Sodium silicate -Neutral, Alkaline

• Caustic Soda Flakes/Prill

• Caustic Soda Lye 48-50%

• Soda Ash Light/Dense

• Citric acid

• Sodium Bicarbonate

• Sodium Metabisulphite (SMBS)

• Hydrated lime

• SLES

• LABSA

• Sodium Sulphate

• STPP

. Potassium Silicate

. Phosphoric Acid

. Styrene Acrylic

. Homopolymer

Poly Aluminium Chloride (PAC)

. Ferric Chloride

.

.

.
